Our hiring priorities are people who can start early (mid-March to early April) and/or stay late into September. We encourage a mid-season break, so be honest.

When can you start? _____ Last day you can work? _____

Any already scheduled vacations, wedding, family reunions, etc?

Dates: _____; _____; _____

Many new workers have no farm experience. Your capacity to enjoy work, your physical condition, your adaptability, cheerfulness and maturity will have a lot to do with how your time here works for all of us. What we really want to know is:

Are you capable and ready for long hours of hard physical work?

Do you use tobacco? _____

Do you have medical insurance? _____

Do you have allergies? _____ What type?

As farmers, we usually work a 7 day week. We anticipate a 5 ½ to 6 day work week for you, working 10 hours per day on average, although some can be longer. Will this work for you?

Can you cook for yourself? You will have a kitchen and food, and will be cooking many of your own meals. Do you have any diet restrictions?

Will you be bringing a vehicle with you? _____

Your compensation here will be the skills you learn, lodging and most food. Do you have enough resources to work here for a season with little monetary compensation?

Skills

None are required, most are useful. Tell us how your skill set will enhance your experience here. For instance, do you have any mechanical, farming/gardening, carpentry, crafts or equipment operating experience? Do you have any marketing or public service experience?

Previous work experience, include two references. Use back of page if needed.

Questions to help us get to know you

Why are you interested in sustainable agriculture and why do you want to work on this farm?

We raise both pastured poultry and grass-finished beef, and animals are an integral part of our farm. How do you feel about farm animals and working with them?

Anything else you want to tell us? Use back of page if needed.
